Stylish, compact and extremely high efficiency very wide angle LED zoom profile featuring a white 150W led COB power source and double-condenser optics. Recently introduced specifications include RDM control for 16 bit dimming, 3 choices on fan speed control and increased light output.

Its extremely accurate optics make it the obvious choice for medium-throws in theatrical sets, stages, TV studios, commercial and art displays, schools, worship venues, cruise ships or architectural applications where an extremely sharp beam shaping and gobo projection, coupled with user-friendly controls and an outstanding design are required.

Standard delivery includes 2m mains cable with fitted Power-con, 4 black shutter blades and a metal colour frame.

All models in the ARPA range are available in 3200K and 5600K white plus RGBW, in a choice of 3 finishes: black, white and silver, and 2 stirrups: manual and pole-operated.
